As a BSc (Hons) student in Computing, I would like to utilize my academic foundation in the field of Computer Science to contribute effectively as an intern in your esteemed organization. My focus is on software development, combining theoretical knowledge with a passion for practical applications. I am excited to gain hands-on experience and am confident that I can make a valuable contribution to your team. I have gained knowledge in Web development and Programming languages (JavaScript, java, php, python) through my coursework and am excited to apply these skills to real-world projects. I am committed to learning, collaborating, and succeeding in a dynamic professional environment.

## EDUCATION

### HIGH SCHOOL DEGREE (2015-2017)

#### GLOBAL COLLEGE OF MANAGEMENT

I completed my high school with the major subject Business Math securing overall 61.10% in my boards.

### BACHELOR (2021)

#### BSC HONS COMPUTING (SOFTWARE ENGINEERING) NAMI COLLEGE AFFILIATED TO UNIVERSITY OF NORTHAMPTON

I am currently studying in 5<sup>th</sup> semester. There is altogether 6<sup>th</sup> semester in which I have completed all my 4<sup>th</sup> semester with a good score and also continue work harder in my upcoming semester.

## SKILLS

- PHP: Skilled in PHP development with hands-on experience in building web applications.
- JavaScript: Skilled in JavaScript for interactive and dynamic web development.
- Java: Knowledgeable in Java programming for application development.
- Python: Capable in Python programming for various applications including scripting and web development.

## ACTIVITIES

**School Management System** using PHP: Developed a comprehensive school management system using PHP, showcasing skills in database management, user interface design, and backend development.

**Volunteering Experience:** Actively volunteered in coding clubs, teaching basic programming concepts to high school students, fostering a passion for technology in young minds.

**Leadership Roles:** Led a team in organizing coding workshops at local community centres, empowering individuals with essential coding skills.
